DOMINIQUE KERR

PROSPECTIVE CANDIDATE
BON ACCORD / CROWN POINT

LEADERSHIP | LOYALTY | HEART

Dominique Errol Kerr is a distinguished Engineering Professional and Health & Safety Specialist from Bon Accord Village, with 15 years of experience in construction, mining operations, and renewable energy systems.

He holds an MSc in Energy Engineering from the University of Trinidad and Tobago, along with multiple specialized certifications in construction, explosives and blasting, and mining/mineral resources. He currently serves as Technical Services Engineer at Geominex Resources Ltd., where he contributed to Trinidad and Tobago's first Syscal Pro 96 Switch Electrical Resistivity Tomography (ERT) survey.

As Managing Director of Ze'Jahnoi Construction Services Ltd., Dominique has successfully delivered government and private sector projects while maintaining a zero-incident safety record.
